

Addressing the Challenges of Globalization: An Independent Evaluation of The World Bank's Approach t

This report,

which follows on a

Phase 1 report (2002) and a

meta-evaluation of the

CGIAR

(2003) completes OED's evaluation of the Bank's involvement

in global programs. Based on lessons derived from studies of

26 of the Bank supported 70 global programs the report looks

across these cases to draw cross-cutting lessons about the

design, implementation and evaluation of global programs.
